

Clearside Biomedical, Inc. Announces Participation in Upcoming Events

August 8, 2017

ALPHARETTA, Ga., Aug. 08, 2017 (GLOBE NEWSWIRE) -- Clearside Biomedical, Inc. (NASDAQ:[CLSD](#)), a late-stage biopharmaceutical company developing first-in-class drug therapies to treat back-of-the-eye diseases, announced today that it will participate in three upcoming events.

Clearside will host a Key Opinion Leader ("KOL") luncheon event on Thursday, August 10, 2017 in Boston, MA. The invited speaker for this event is Dr. David M. Brown, a prominent Houston, TX-based retinal specialist and thought leader on the research and treatment of retinal vein occlusion ("RVO"), diabetic macular edema ("DME") and age-related macular degeneration ("AMD"). The KOL lunch event will not be webcast.

Clearside's Chief Executive Officer and President, Daniel H. White, will participate in a panel discussion on retinal drug delivery at the Ophthalmology Innovation Summit ("OIS") to be held Thursday, August 10, 2017 in conjunction with the 35th Annual Scientific Meeting of the American Society of Retinal Specialists ("ASRS") in Boston, MA. The panel discussion at OIS@ASRS will not be webcast.

Clearside management will also participate in the 2017 Webdush PacGrow Healthcare Conference on Tuesday, August 15, 2017 at the Le Parker Meridien Hotel in New York, NY. Mr. White will participate in a lunch panel entitled, "New Technologies in Drug Delivery," at 11:30 a.m. ET and will present at 2:30 p.m. ET. A live webcast of the presentation can be accessed on Clearside's website at www.clearsidebio.com under the "Events & Presentations" tab in the "Investor Relations" section. Following the conference, the presentation webcast will be archived on the website for 30 days.

About Clearside

Clearside Biomedical, Inc., headquartered in Alpharetta, GA, is a late-stage clinical ophthalmic biopharmaceutical company that envisions a world without blindness. Clearside relentlessly pursues transformative, elegant, precise solutions to restore and preserve vision. Clearside is developing advanced clinical and preclinical product candidates using a proprietary treatment approach offering unprecedented access to the back of the eye through the suprachoroidal space (SCS™). This offers potentially meaningful treatment benefit to patients suffering from sight threatening diseases like uveitis, RVO, DME and AMD. To learn more about how Clearside is changing ophthalmology, please visit us at www.clearsidebio.com.
